To contribute online please send an e-transfer to contributions@fellowshipprairies.ca
Indicate *Equip offering* in the message line.

Welcome to EQUIP 2024! It's always good to come together and celebrate what God has been doing in our midst, and look to Him for His lead into our future.

This year I'm really excited that Jeremy Norton is here to talk to us related to how to do ministry in the Northern part of Canada! He comes to us from our church in Whitehorse (Pacific Region). I look forward to his insights related to reaching this part of our Region.

Praying for us all, and anticipating good things as we get together! Looking forward to seeing you in May.

Mark Breitreuz, Regional Director

Jeremy Norton is the Lead Pastor at Mountainview Church in Whitehorse, Yukon, and a writer and speaker through LeadBiblically.com. With a primary focus on helping individuals navigate the life and leadership to which God has called them, Jeremy is committed to pointing others toward Jesus as the compass and Scripture as the map, serving as ultimate guideposts for future direction. His ministry is deeply rooted in supporting the revitalization and replanting efforts of smaller churches in tight-knit communities.

His love for the Yukon's expansive landscapes facilitates a unique connection with God's creation, enhancing his ministry and personal life. Jeremy is also keenly interested in technology and social media trends, integrating these platforms into his ministry efforts. Whether editing photos and videos for family memories or ministry purposes, he's always on the lookout for innovative ways to engage and inspire.

At home, Jeremy cherishes the moments spent with his wife, Nicole, and their three sons. The Norton family finds joy in outdoor activities, drawing closer to each other and to God through creation. Yet, they also enjoy the rest of the family movie night, underlining the pivotal importance of simply being together.
